

PwC and OneStream Strategic Alliance

Empowering the Enterprise with Financial and Operational Insights

What if you could **conquer business complexity** and turn data into actionable insights? Leveraging the native capabilities of OneStream's platform and PwC's breadth of industry experience we can bring strong financial transformation to any client.

With the ability to **unify financial consolidation, reporting, planning, and analytics** through a single platform, we can help transform how your client makes strategic operational and financial decisions. Increase visibility across their organization, connect siloed data, and take real-time planning and forecasting to an entirely new level.

Productivity, Financial Close, and Planning and Analysis Solutions to Accelerate Insights

OneStream's MarketPlace provides **more than 50 solutions** your client can download, configure and deploy to easily extend the value of their financial transformation investment.

Compelling Events That Bring People Into a PwC and OneStream Conversation:

- M&A
- Software end of life
- Significant business growth events
- Need a larger or refreshed Finance Transformation
- Increasing scrutiny on financial services or new disclosures that are required (GHG)
- Business uncertainty

Overview of Our
OneStream Practice

**#1 Strategic
Global Partner**

PwC became OneStream's first
strategic global alliance

50+
OneStream
Projects

150+
Global EPM
Practitioners

PwC has successfully delivered many of OneStream's largest implementations to date. With more than 200 trained practitioners, PwC has a larger pool of OneStream resources than any other system integrator or consulting firm.

The Value That We Deliver to Our Clients

Global leadership

We are the Strategic Global OneStream partner with OneStream activities in over 10 countries. We offer an innovative approach to EPM implementations that leverage the powerful OneStream platform.

Domain expertise

We provide functional advisors across all industries and use cases (i.e., finance, commercial, supply chain). This allows us to deliver comprehensive functional and technical solutions to our clients.

Local expertise

We have in-market OneStream capabilities in the majority of the countries where our clients do business and specific solutioning around Tax Accounting, Profitability, IBP and ESG.

Ongoing support & enhancements

For many of our clients, we provide ongoing support of their OneStream platform and have 'front of the line' treatment for client enhancement requests. with a focus on Tax Accounting, Profitability, IBP and ESG.
